

Chatter and Catches

the Newsletter of the

March 2021

Volume 13, Issue 10

President's Gouge

Hi all. Some good news. The community center is now allowing meetings at 50% of room capacity. The room capacity is 98 people, which allows us 48. So put March 13th on your calendar. I'm looking forward to seeing some familiar faces. This will be our first meeting in our new home at the community center and we will use it to get acquainted with the new space and get reacquainted with each other. Masks and social distancing will be required. I will put together an agenda and we'll be talking about how to make the new venue work for us and the adjustments we will need to make as a club going forward. Directions are at the end of this newsletter and I'll be sending out an email just before the meeting with the same information.

Wayne Porter and his band of volunteers got a big chunk of the club's wood moved from Zuni Pines to our new location at the Arts Council's building. They moved a large trailer load and filled most of one of the new storage sheds. Thanks to everyone who helped. It was fun see some of you again. Keep an eye out for another move soon.

With meetings starting up again we'll again be asking for turnings for our craft shows and the state museum gift shop. I hope you all set aside a few pieces in the past year just for the club.

Remember to check for emails with updated club information and notices. Think positive. Stay well. See you soon.

John "Nik" Nikakis, POTCVW

Turn Here for Safety

- Carefully inspect all parts of the lathe for defects before beginning operations.

Douglas County Community & Senior Center

1329 Waterloo Lane
Gardnerville, NV 98410
775-782-5500

The community center is easy to find and there is ample parking and a really big flag.

If you are coming from the north:

Take highway 39 through Minden/Gardnerville to the fourth traffic light (look for Smith's on your left and Walgreens on your right). Make a right turn at this intersection onto Waterloo Lane.

If you are coming from the south:

Take highway 395 to Gardnerville. At the second traffic light (look for Smith's on your right and Walgreens to your left). Make a left turn at this intersection onto Waterloo Lane.

For all:

The center is a short way down Waterloo Lane on the left (look for the big flag) just before the skate park and opposite Lampe Park.

We are in the north end of the building (closest to the street) in the North Room.

Masks are required. When you first enter the building stop by the reception counter and check your temperature at the station before coming to the North Room.

Shop Gremlin

This gremlin thing has been following me all my life. When I was a kid it would scatter my toys around the house and yard, leave my bike in the driveway and I of course would get the blame. As a teen it would throw candy wrappers and bits of note paper in my school locker until I couldn't find anything. Again, I got the blame. As I got older it got more diabolical. Filling drawers with pens that don't work, bent paperclips, keys that fit nothing I have, and just plain junk. Guess who gets the blame. But in my shop is where it excels. It is obsessed with piles. If there is a clear flat surface, bench, power tool table, tool box, stool, whatever, it will create a pile. Nothing is spared the disgrace of being added to one of these mysterious piles. Books, catalogs, plans, drawings, hardware, scraps of wood, sandpaper, tools, jigs, parts of projects. . . You get the idea. When I have had all I can take, I dismantle the piles and find a home or trashcan for the contents and all is good for a while. But this is only an illusion. Before long the piles will again begin to magically appear and the whole process will repeat itself. And as always I get the blame (credit?).

John "Nik" Nikakis

Newsletter Editor's Request

Please send your newsletter contributions and suggestions for improvement to the Club Newsletter Editor via robinson6888@yahoo.com or jdnika@charter.net no later than Monday of the week before the next regularly scheduled meeting. The submission deadline for the April 2021 newsletter is March 29.
