President's Gouge

After a little bit of a late start the April 10th meeting got started and went well. We held elections. Only one change at this time. Denise Paley has stepped down as member at large. Thanks for all your work for the club

Denise. Patti Pastrell

was nominated to take her place and elected by a show of hands. Thanks Pattie.

Dave Mills brought a selection of burl for sale. I hope all who attended got a chance to look it over and make a purchase.

Show and tell was fun, we had a good variety. Laminated, segmented, boxes, bowls, pepper mills and more. Thanks to Curtis Kortemeier, John Compston, Yvonne Young, Wayne Allen, Mike Walters, Craig Steele and Frank Miller.

I hope you all enjoyed my box demonstration. I was a little rusty, and other than one of my techniques being clear as mud, I felt it went well. I'll have the finished project at the next

show and tell.

In place of a live demonstration this month Frank Miller will be presenting a video he helped produce of his

friend James Johnson. The demonstration is James turning two bowls from a log without the aid of a bandsaw. He turns one green leaving the second for another time. A second dry rough turned bowl is turned and finished. There are a lot of great tips and a good look at his shop made dust collector and impeller. Check out his web site at <http://www.jamesjohnsonwoodturner.com/>

We'll be signing up volunteers for several different tasks at the May 8th meeting. Setup, cleanup, craft show collection, AV setup/operation, trailer moving and more. Join in the fun!

Remember to check for emails with updated club information and notices. If you know a member without email, please pass on the information. See you soon.

Turn Here for Safety

Be sure to allow laminated, or glued-up, blanks to dry thoroughly before turning.

Hands-on April 24th

Turnout for the April 24th hands-on was a little light. I blame it on the nice spring weather and our area starting to open. Ken had the trailer at the center and with help from Dave Rich had the three Delta lathes unloaded. Frank demonstrated several tool techniques for a few of the newer members, making a small bowl and a beer tap handle in the process. As always, the coffee and conversation were outstanding. I look forward to seeing more of you at the next hands-on. Keep the shavings out of your coffee. John "Nik" Nikakis, POTCVW [photos by Paul Cote]

Newsletter Editor's Request

Please send your newsletter contributions and suggestions for improvement to the Club Newsletter Editor via cvwnews@charter.net no later than Monday of the week before the next regularly scheduled meeting. The submission deadline for the June 2021 newsletter is May 31.

CVW Meeting

Meeting May 8th 9:00AM Douglas County Community & Senior Center

Hands-on May 22th 9:00AM Douglas County Community & Senior Center

Douglas County Community & Senior Center

1329 Waterloo Lane
 Gardnerville, NV 98410
 775-782-5500

The community center is easy to find and there is ample parking and a really big flag.

If you are coming from the north:

Take highway 39 through Minden/Gardnerville to the fourth traffic light (look for Smith's on your left and Walgreens on your right). Make a right turn at this intersection onto Waterloo Lane.

If you are coming from the south:

Take highway 395 to Gardnerville. At the second traffic light (look for Smith's on your right and Walgreens to your left). Make a left turn at this intersection onto Waterloo Lane.

For all:

The center is a short way down Waterloo Lane on the left (look for the big flag) just before the skate park and opposite Lampe Park.

We are in the north end of the building (closest to the street) in the North Room.

Masks are required. When you first enter the building stop by the reception counter and check your temperature at the station before coming to the North Room.

We are in the north end of the building (closest to the street) in the **North Room**.

Masks are required. When you first enter the building stop by the reception counter and check your temperature at the station before coming to the North Room.
